4. All shares issued by the Bank, i.e. 130,100,000 shares, shall be covered by the dividend payout.

§ 2

The General Meeting obliges the Management Board of the Company to execute this resolution.

Rationale for the draft resolutions of the Ordinary General Meeting of ING Bank Śląski Spółka Akcyjna of 11 April 2024 on distribution of 2023 profit and undivided profit from previous years and on 2023 dividend payout and payout from the reserve capital earmarked for the dividend payout

The Bank Management Board submitted to the General Meeting a recommendation on distribution of 2023 profit and undivided profit from previous years and on 2023 dividend payout and payout from the reserve capital earmarked for the dividend payout as per the abovementioned specification on the following grounds.

As at 31 December 2023, the capital ratios were respectively:

- Tier I (T1) capital ratio for the Bank at 16.50% and for the Bank Group at 15.32%,
- total capital ratio for the Bank at 18.02% and for the Bank Group at 16.73%.

On 14 December 2023, the Polish Financial Supervision Authority (PFSA) adopted a stance on the banks' dividend policy in 2024 (dividend for 2023). The Bank Management Board adopted a resolution, whereby the Management Board expressed their intention to recommend that the General Meeting adopt a resolution on earmarking approx. 75% of the 2023 standalone profit of the Bank for the dividend payout.

The Bank satisfies the PFSA criteria and requirements allowing for the payout of up to 75% of the 2023 profit in dividend; it was confirmed in the individual dividend recommendation received from the Polish Financial Supervision Authority on 21 February 2024. The dividend proposal takes account of the current financial- and equity standing of the Bank and of the Bank Group, and its development plans.

Having regard to the above, the Management Board recommend that the General Meeting allocate the amount of PLN 3,330,560,000.00 from the 2023 profit for the dividend payout. This amount represents 75% of the separate and consolidated profit of ING Bank Śląski S.A. for 2023. The Management Board recommend that the General Meeting allocate the remaining part of the 2023 profit in the amount of PLN 1,110,318,562.72 as well as the undivided profit from previous years in the amount of PLN 8,106,953.30 to increase the general reserve capital.

On 1 December 2023, the Bank Management Board received a letter in which PFSA stated that, having analysed the current financial standing of the Bank and the arguments presented by the Bank, PFSA did not voice any reservations as to the possibility of dividend payout by the Bank in the amount of PLN 1,008,275,000.00 from the reserve capital earmarked for dividend payout. The amount mentioned above comprises PLN 494,380,000.00 from the 2019 profit and PLN 513,895,000.00 from the 2022 profit, earmarked with the decisions of the General Meeting to increase the reserve capital earmarked for dividend payout.

The total recommended dividend amount from the 2023 profit and from the reserve capital earmarked for the dividend payout is PLN 4,338,835,000.00, i.e. the Bank Management Board hereby propose the dividend payout in the amount of PLN 33.35 per share.

 4. In § 8.3.8, the phrase "rendering trust services and" shall be deleted.
 5. The existing wording of § 8.4 of the Charter shall be deleted, and in consequence, the numbering of the existing provisions marked as sections 5 and 6 in § 8 shall be changed to, respectively, sections 4 and 5.
 6. § 20.2.3) shall read as follows:
"3) in the case of recalling the Supervisory Board Member by the General Meeting, as of the day of the recall,"

§ 2

The amendments to the Charter as set out in § 1 require approval of the Polish Financial Supervision Authority.

Rationale for the draft resolution of the Ordinary General Meeting of ING Bank Śląski Spółka Akcyjna of 11 April 2024 on amending the *Charter of ING Bank Śląski Spółka Akcyjna*.

The primary objective of amending the Charter is to adapt it to the legal changes made by way of the Act on amending certain acts to ensure growth of the financial market and to protect investors on that market of 16 August 2023 (hereinafter: "Amending Act").

With the Amending Act, the regulations such as i.a. Article 111 of the Act on Trading in Financial Instruments and Article 31 of the Banking Law Act were amended. The above changes make it necessary to amend the provisions of the Charter pertaining to the brokerage activity of the Bank (in line with Article 48 Section 2 of the Amending Act, the Bank requested the Polish Financial Supervision Authority's approval in that regard). The draft also covers other adjustments concerning the Bank business which stem from the Amending Act. Further, it provides for clarification of the provision concerning the moment of expiry of the mandate of the Supervisory Board Member in the event of his/her recall.

The draft amendments to the Bank Charter cover:

- change of §8 section 2 item 12) whereby "financial term operations" are deleted from the business activity. As a result, the numbering of the subsequent items in §8 section 2 of the Charter shall change accordingly.

The change stems from analogous deletion of Article 5 section 2 item 4) of the Banking Law Act by the Amending Act. In line with the explanatory memorandum, amendments to Articles 5 and 6 of the Banking Law Act are to adapt the banking activities catalogue to the amended legal status. Under the new legal status, there are other provisions of the Charter on the financial instruments trading which serve as the basis for performing those activities.

- change to § 8 section 3 item 2) whereby a general statement about "trading in securities" is deleted. As a result, the numbering of the subsequent items in §8 section 3 of the Charter shall change accordingly.

The change is a direct consequence of the change in Article 6 section 1 item 3) of the Banking Law Act by the Amending Act, whereby the analogous general statement was deleted. The provisions of the Charter shall describe particular activities regarding financial instruments trading (upon the implementation of the amendments covered hereby, those shall be § 8 section 3 item 2) with regard to brokerage activity and § 8 section 3 item 3) with regard to Article 70 section 2 of the Act on Trading in Financial Instruments).

- change in § 8 section 3 item 3) (upon changing the numbering, that shall be the new § 8 section 3 item 2)) whereby the activities performed by the Bank within the brokerage activity shall be listed in detail.

The Amending Act changed the provision of Article 111 of the Act on Trading in Financial Instruments in that the brokerage activity shall be performed by the bank based on the provisions of its Charter rather than on the basis of a separate permission given by the PFSA as it used to be. At the same time, Article 31 of the Banking Law Act was amended in that a bank charter should list in detail all brokerage activities performed by the bank.

The activities listed in items a) to d) under the new wording of § 8 section 3 item 2) of the Charter represent the existing activities performed to date as part of the Bank's brokerage activity (within the Brokerage Office), pursuant to the permission of the Polish Financial Supervision Authority. The draft resolution also accounts for the offering of financial instruments (item e) as a new type of activity which the Bank plans to take up.

- change of §8 section 3 item 8) whereby trust services are deleted from the business activity,

Under the existing language of § 8 section 3 item 8) of the Charter, the Bank's business included rendering trust services and providing electronic identification means within the meaning of trust services regulations. However, in practice, the Bank has only performed the second activity described above; it has not rendered trust services. The Amending Act introduced section 4 to Article 34 of the Banking Law Act, whereby a bank that has not taken up an activity specified in its charter within 12 months from the permission date or a bank that has ceased to perform such an activity uninterruptedly for 12 months is required to make a prompt request for permission to amend the charter by deleting the activity that it does not perform.

Having regard to the above, it is justified that the Bank deletes a service from its Charter that the Bank does not render.

- Repealing the existing wording of § 8 section 4 of the Charter. As a result, the numbering of the subsequent items in §8 of the Charter shall change accordingly.

The existing language of § 8 section 4 of the Charter implied that the Bank may take up or acquire shares and share-based rights and participation interests, as well as acquire participation units in mutual funds. It reflected the analogous wording of Article 6 section 1 item 1) of the Banking Law Act, which was repealed by the Amending Act.

In view of the amendment to the Act, during the proceedings for approval of amendments to the Charter, the PFSA expressed its expectations regarding the deletion of that provision. At the same time, the PFSA confirmed that such a step would not affect or limit in any way the Bank's ability to continue the performance of the activities listed in that provision as part of the investment policy pursued by the Bank (for its own account); most significantly, there are no reasons why the Bank would be unable to take up and acquire shares in joint-stock companies or in limited-liability companies.

- change of § 20 section 2 item 3) whereby the moment of expiry of the mandate of the Supervisory Board Member in the event of his/her dismissal is clarified.

Where it is identified that a candidate for the Supervisory Board lacks some specialist knowledge or there are other reservations that may be overcome within a short period of time, the Remuneration and Nomination Committee may recommend that the candidate be appointed to the Supervisory Board on the condition that the person supplements that knowledge within designated time, not longer than 3 months, or that the reservations are eliminated within time designated by the General Meeting. If the General Meeting decides to appoint a candidate for a position on the Supervisory Board provided that remedial measures are taken, the General Meeting shall approve the manner and the deadline for the completion of remedial measures. Upon completion of remedial measures, the candidate shall present a document to prove that the reservations have been eliminated.
19. If the result of the assessment made by the Remuneration and Nomination Committee is negative and

the conditions referred to in Section 18 have not materialised, the Committee shall issue negative recommendation regarding the appointment of the candidate for a position on the Supervisory Board.

20. Where the General Meeting decide not to appoint a candidate for the position on the Supervisory Board, then, depending on the results of the Supervisory Board's collective suitability assessment, the General Meeting shall analyse the measures required to ensure continuity of the Supervisory Board's operations and take adequate actions to implement them, such as resolving to take a break in the General Meeting's debates in order to report on and assess the suitability of new candidates, or recommend that the Management Board convene another General Meeting.
21. In the case of candidates for Supervisory Board Members, the suitability assessment shall be performed before their appointment. Should it be impossible, in exceptional cases, the suitability assessment should be performed without undue delay, not later than within 4 weeks from the moment the person assumes the position.
22. In the case of a re-assessment of a Supervisory Board Member, Sections 17 to 19 shall apply accordingly; however:
 - a) the recommendation of the Remuneration and Nomination Committee may cover:
 - i. keeping the Supervisory Board member on his/ her position,
 - ii. keeping the Supervisory Board member on his/ her position provided s/he completes remedial measures within the designated deadline,
 - iii. recalling a Supervisory Board member.
 - b) if such a need arises from the suitability assessment, the General Meeting shall make a decision on recalling a Supervisory Board Member, or the General Meeting shall approve the manner of and the deadline for the implementation of remedial measures. Where a Supervisory Board member is recalled, Section 20 is applied accordingly.
23. As part of the collective suitability assessment of the Supervisory Board where:
 - a) the assessment result is positive, the Remuneration and Nomination Committee shall recommend a positive collective suitability assessment of the Supervisory Board and that the Supervisory Board be kept as it is,
 - b) the assessment result is negative, the Remuneration and Nomination Committee shall recommend that remedial measures be taken and set the deadline for their implementation.
24. The General Meeting shall perform an assessment of the collective suitability of the Supervisory Board in the form of a resolution; depending on the results of that assessment, the General Meeting shall decide on the implementation of remedial measures. If the General Meeting decides that remedial measures should be implemented, the General Meeting shall approve the manner and the deadline for the completion of remedial measures.
25. Detailed principles concerning the internal process of the suitability assessment are set out in the regulations of the Bank Management Board and Supervisory Board.

CHAPTER 3. ONBOARDING AND TRAINING

§ 5

General principles of the onboarding process

1. The onboarding and training process for the Supervisory Board Members seeks to ensure individual and collective suitability of the members of the body and satisfaction by them of the requirements of their position, including, but not limited to:

- 1) facilitating their clear understanding of the applicable statutory-, executive- and administrative regulations, and of the bank's structure, business model, risk profile and bank governance arrangements,
 - 2) inducting them to the role of the body members,
 - 3) ensuring relevant general and as appropriate individually-tailored training programmes.
2. The Bank shall allocate sufficient time and financial resources for effective onboarding and training for the Supervisory Board Members, ensuring thereby that they are suitable and that they satisfy the requirements of their position. When establishing the resources and funds required to deliver effective policies and procedures for the onboarding and training of the Supervisory Board Members, the Bank should take into account available relevant industry benchmarks, for example relating to the available training budget and training days provided, including benchmarking results provided by the EBA.
3. The Bank Management Board shall ensure performance of duties being development of a detailed training programme, considering the number of meetings devoted to onboarding and training, their costs and related administrative tasks.

§ 6

Onboarding process set up

1. Newly appointed Supervisory Board Members shall receive essential information about the onboarding process not later than within 1 month from position assumption by them; they shall be inducted into their duties within 6 months from the position assumption date.
2. Where Supervisory Board Members are subject to specific knowledge and skills acquisition requirements, their training and onboarding are to supplement the lack of knowledge or skills in due time, if feasible, before the actual position assumption or immediately upon position assumption otherwise. Those goals should be achieved within 1 year after position assumption at the latest.
3. The Supervisory Board Members are required to satisfy the requirements of significance for the financial services sector, including job description-based education in banking and finance, economics, law, accounting, audit, administration, financial regulations, IT and quantitative methods, for example. The following areas have been identified as particularly requiring training and onboarding:
 - 1) financial markets,
 - 2) legal requirements and regulatory framework,
 - 3) strategic planning, understanding of the bank's business strategy and accomplishment thereof,
 - 4) risk management (identifying, assessing, monitoring, controlling and mitigating the main types of risk of the bank),
 - 5) accounting and auditing,
 - 6) assessment of the effectiveness of the bank's arrangements, ensuring effective governance, oversight and controls; and
 - 7) interpretation of the bank's financial information, the identification of key issues based on that information, and appropriate controls and measures.
4. The training programme shall also include raising awareness regarding the benefits of diversity in the governing bodies and at the bank.
5. Competent business units of the bank shall be engaged as needed in the process of developing training programmes, upon considering that the training programmes should not be limited to the areas of activity for which the individuals are directly responsible
6. The Supervisory Board Members are required to upgrade and broaden their knowledge and skills needed to perform their duties. Members of management bodies may request training to that effect.

CHAPTER 4. RECALLING SUPERVISORY BOARD MEMBERS, LIMITING THE RISK OF VACANCIES AND FILLING VACANCIES ON THE SUPERVISORY BOARD

§ 7

General principles concerning the recall of a Supervisory Board Member and the procedure for filling vacancies on the Supervisory Board

1. A Supervisory Board Member shall in particular be recalled if the outcome of the re-assessment of the Supervisory Board Member's individual suitability is negative. Except in particularly justified cases, decisions to recall members of the Supervisory Board should not lead to several vacancies in the composition of the Board within a short period of time.
2. Where the Supervisory Board Member is recalled, the shareholders should promptly put forward a new candidate to hold a function on the Supervisory Board, unless the collective suitability assessment of the Supervisory Board shows that the Supervisory Board may operate with a lower number of members, provided that the minimum number of the Supervisory Board members as indicated in §2 Section 3 is met.
3. Except in exceptional situations, impossible to foresee in advance, changes in the composition of the Supervisory Board should be made in such a way as to ensure that the new candidate can be recruited and assessed well in advance.
4. If there is a sudden vacancy on the Supervisory Board, the Remuneration and Nomination Committee shall conduct a collective suitability assessment of the Supervisory Board. Upon reviewing the assessment results, the Chairperson or Deputy Chairperson of the Supervisory Board may decide to notify the Management Board of the need to convene an Extraordinary General Meeting in order to fill the vacancy on the Supervisory Board, or to fill the vacancy on the Supervisory Board during the nearest General Meeting.
5. Notwithstanding the provisions of Section 4, if – as a result of the expiry of a Supervisory Board Member's mandate – the number of the Supervisory Board Members is lower than five, the Chairperson or Deputy Chairperson of the Supervisory Board shall notify the Bank Management Board of the need to convene the Extraordinary General Meeting immediately to fill the vacancies on the Supervisory Board so that it meets at least the statutory minimum.
6. A Supervisory Board Member should not resign from that function during the term of office if such resignation could have a negative impact on the Supervisory Board's ability to operate, and in particular on the Board's ability to pass resolutions.
7. The resignation of the Supervisory Board Member from the function should be effective as of the future date, adequately remote, enabling the appointment of a new Supervisory Board Member after appropriate application of a suitability assessment.
