6. A Member of the Management Board loses the right to receive Variable Remuneration in the event of expiration of his/her mandate during a given settlement period, unless otherwise follows from the conditions for granting and paying a given Variable Remuneration determined by the relevant bodies of the Company.

1. The purpose of this Remuneration Policy is to ensure that potential conflicts of interest associated with remuneration of the members of the Management Board and the Supervisory Board are identified, mitigated and managed.
2. In order to mitigate the conflicts of interest, the Remuneration Policy provides for the division of competencies between relevant bodies of the Company (Management Board, Supervisory Board, General Meeting) with respect to the issues it regulates, including those that involve its adoption, implementation and review, as well as its evaluation and temporary derogation.
3. If a member of the Management Board or a member of the Supervisory Board identifies a likelihood of a conflict of interest with respect to the issues governed by the Remuneration Policy, he/she will submit his/her comments to the Chairman of the Supervisory Board to decide on the further course of action. In the case of a potential conflict of the Chairman of the Supervisory Board, the Chairman of the Supervisory Board will submit comments to the entire Supervisory Board.
4. Notwithstanding the above, members of the Management Board are required to comply with the requirements of Article 377 of the Commercial Companies Code on potential conflicts of interest.

XI. RULES OF IMPLEMENTATION AND APPLICATION OF THE REMUNERATION POLICY AND ITS REVIEW

1. The Remuneration Policy is prepared by the Management Board, with the support from the Company's HR and Legal Departments. The preparation of the Policy is preceded by an analysis of the remuneration structure received by individual members of the Management Board and members of the Supervisory Board, an analysis of market practice in the gaming industry and an analysis of the remuneration structure received by key employees of the Company and Group companies. The Remuneration Policy is subject to the opinion of the Supervisory Board and is then adopted by the General Meeting.
2. The Management Board reviews the Remuneration Policy and, if necessary, proposes appropriate updates. The review is carried out at least once a year. The Policy is updated through the process described in Section 1 above.
3. The Supervisory Board exercises general supervision over the Remuneration Policy and its implementation, adopting appropriate resolutions. The Supervisory Board provides the General Meeting with any recommendations regarding the application or amendment of the Remuneration Policy.
4. To the extent that it results from the authorization granted to the Supervisory Board by the General Meeting pursuant to the Public Offering Act, the Supervisory Board independently develops and implements certain elements of the Remuneration Policy.
5. The General Meeting adopts the Remuneration Policy and its updates by way of a resolution. A resolution on the Remuneration Policy is adopted at least every four years. The General Meeting may decide that it is necessary to review the Remuneration Policy more often than once every four years.

XII. REMUNERATION REPORT

1. The Supervisory Board is required to draw up an annual Remuneration Report providing a comprehensive overview of the remuneration, including all benefits, regardless of their form, received by individual members of the Management Board and the Supervisory Board in the recent financial year, in accordance with the Remuneration Policy.
2. Members of the Supervisory Board are responsible for the information contained in the Remuneration Report. For the purposes of preparing the Remuneration Report, the Supervisory Board is entitled to request members of the Management Board, as well the Company financial and HR department for providing information on the remuneration received by the Management Board members from the Company. The Remuneration Report is subject to the auditor's assessment.

XIII. DEROGATION FROM THE REMUNERATION POLICY

1. If it is necessary to pursue its long-term interests and financial stability or to ensure its profitability, the Company may temporarily derogate from adhering to the Remuneration Policy entirely or partly.
2. A temporary derogation from the Remuneration Policy may in particular be caused by matters involving the implementation of the Company strategy or actions which, if not taken, might adversely affect the performance of the Company obligations.
3. A decision to derogate from the Remuneration Policy is taken by the Supervisory Board in the form of a resolution.

4. A temporary derogation from the Remuneration Policy may be requested by the Management Board which should specify the reasons and provide a justification for such a temporary derogation.
5. The Supervisory Board's resolution on temporary derogation should specify in particular:
 - (a) the period for which the derogation is applied;
 - (b) the derogated elements of the Remuneration Policy;
 - (c) the reasons and justification for such derogation.

of the Annual General Meeting

on the introduction of the Incentive Program A for the financial years 2027-2029

The General Meeting of the Company, acting pursuant to Article 393 item 5 of the Commercial Companies Code of 15 September 2000, resolves as follows:

§ 1.

1. It is resolved that the Company will implement an incentive program for members of the Company's Management Board ("Incentive Program A"), who will be designated to participate in Incentive Program A by the Company's Supervisory Board, and will join the Incentive Program A under the terms and conditions specified in the program regulations adopted by the Management Board and approved by the Supervisory Board ("Participants"). Participation in the Incentive Program A is voluntary.
2. The purpose of the Incentive Program A is to create mechanisms to ensure the stability of the Management Board during the duration of the Incentive Program A and to motivate the Management Board to implement the Company's strategy, act in the interest of the Company (and its capital group) and its shareholders, maximize financial and non-financial results.
3. The Incentive Program A consists in granting the Participants, on the basis of a participation agreement concluded in accordance with the Program regulations, a certain number of conditional rights ("Entitlement"), which, at the end of the Incentive Program A, and upon fulfilment of certain conditions, will give the Participants the right to: (i) take up shares of the Company ("Shares") with the exclusion of the pre-emptive right of the Company's existing shareholders as a result of the exercise of rights arising from dematerialized registered subscription warrants issued for this purpose granted under the Incentive Program A ("Warranty"), or (ii) the acquisition of the Company's shares that will be previously acquired by the Company for this purpose as part of the buyback of own shares ("Own Shares"), at the exercise price specified in § 1 section 7 of this Resolution (understood as the issue price of the subscription of the Shares or the purchase price of the Own Share). The decision on the form of exercising the Powers is made by the Supervisory Board at its sole discretion.
4. Detailed rules and conditions for the implementation of the Incentive Program A not specified in this Resolution, in particular concerning: the organization of the stages of the program, the conditions of participation in the program, the rights and obligations of the Participants, the conditions for the exercise of the Entitlements, the circumstances of the expiration of the Entitlements, the detailed deadlines for performing certain activities by the bodies of the Company and the Participants, will be specified by the Management

Board in the regulations of the Incentive Program A approved by the Supervisory Board ("Regulations").

5. Incentive Program A lasts 3 (three) years and covers the financial years 2027 – 2029. Each financial year constitutes a separate stage ("Stage"), at the end of which the Participant acquires the number of Entitlements allocated to him in such Stage, after the conditions provided for this Stage have been met. The Entitlements acquired during the entire Incentive Program A are subject to exercise after the completion of the third, last Stage, on time, under the conditions and with the use of the mechanisms specified in the Regulations.
6. Under the Incentive Program A, a maximum of 1,728,270 (one million seven hundred twenty-eight thousand two hundred and seventy) Entitlements may be granted to the Participants, whereby, subject to the provisions of § 1 section 9 of this Resolution, the total number of Entitlements granted to the Participants under a single Stage may not exceed 576,090 (five hundred seventy-six thousand ninety) and may be offered to the members of the Management Board in the following proportions:
 - a) If the Management Board is a sole member: 100% of the available pool of Entitlements, i.e. 576,090 (five hundred seventy-six thousand ninety) Entitlements be offered to the President of the Management Board;
 - b) If the Management Board consists of 2-3 members: (i) 75% of the available pool of Entitlements, i.e. 432,067 (four hundred thirty-two thousand sixty-seven) Entitlements may be offered to the President of the Management Board, and (ii) 25% of the available pool of Entitlements, i.e. 144,023 (one hundred forty-four thousand twenty-three) Entitlements may be offered to the remaining members of the Management Board;
 - c) If the Management Board consists of 4 or more members: (i) 40% of the available pool of Entitlements, i.e. 230,436 (two hundred thirty thousand four hundred thirty-six) Entitlements may be offered to the President of the Management Board, and (ii) 60% of the available pool of Entitlements, i.e. 345,654 (three hundred forty-five thousand six hundred fifty-four) Entitlements may be offered to the remaining members of the Management Board.
7. Each Right entitles to subscribe for 1 (one) Share as a result of the exercise of rights under the Warrant at the issue price corresponding to the Exercise Price (as defined in this paragraph) or to purchase 1 (one) Own Share for the Exercise Price, on the terms and conditions specified in this Resolution and the Regulations. "Exercise Price" means the value in PLN corresponding to the Company's share price at the close of the last trading session of the Warsaw Stock Exchange immediately preceding the date of adoption by the Supervisory Board of the resolution on granting the Entitlements under a given Stage, not lower than the nominal value of the Company's shares. The Exercise Price may vary for individual Stages.
8. Inclusion of Participants in the Incentive Program A and granting them Entitlements takes place annually, separately for each Stage, on the basis of a resolution adopted by the Supervisory Board, subject to the provisions of § 1 section 9 below. The Supervisory Board shall specify in the resolution in particular: (i) the members of the Management Board entitled to participate in the Stage, (ii) the maximum number of Entitlements that may be acquired by a member of the Management Board under the Stage, (iii) the

Exercise Price for the Entitlements granted under the Stage, and (iv) (optionally, at its own discretion) the individual conditions conditioning the acquisition of the Entitlements granted under the Stage by a member of the Management Board.

9. The Supervisory Board may supplement the list of Participants during the Stage in the event of the appointment of a new member(s) to the Management Board during such Stage, provided that it has unallocated Entitlements in the pool provided for a given Stage. In addition, in cases that will be specified in the Regulations, the Entitlements that expire in relation to a given Participant return to the pool of Entitlements available in the Incentive Program A and may be granted by the Supervisory Board to other Participants or new Participants during the current Stage or in the next Stage, taking into account the proportions specified in § 1 section 6 item a) – item c) of this Resolution. In such a case, the limit of Allowances available under a single Stage referred to in § 1 section 6 of this Resolution shall not apply.
10. The Regulations may specify cases of expiration of Entitlements. In particular, these may include the following cases: exercise of the Entitlements, expiration or termination of the Incentive Program A, death of the Participant, termination of the Participant's membership in the Management Board for any reason, improper performance of duties, taking actions detrimental to the interests of the Company or companies from its capital group, violation of the principles of fair competition and expiry of the deadline for accepting the offer to take up Warrants or purchase Own Shares as part of the exercise of the Entitlements.
11. The Participant acquires the Entitlements granted to him or her as part of the given Stage after meeting the following conditions at the end of that Stage:
 - a) the acquisition of 50% (fifty percent) of the Entitlements is subject to the fulfilment of the result condition, understood as the achievement in the relevant Stage of the financial result attributed to it, which is the sum of the consolidated net results from the continuing operations of the Company's capital group increased by the costs of valuation of the Entitlements granted under the Incentive Program A and the Incentive Program B (i.e. Incentive Program B for the financial years 2027–2029 introduced by a resolution of this General Meeting for selected employees and associates of the Company and its capital group) ("Performance Condition");
 - b) the acquisition of a part or all of the Entitlements may be subject to the fulfilment of individual conditions set at its sole discretion by the Supervisory Board ("Individual Conditions");
 - c) regardless of the fulfilment of the conditions set out in points a) – b) above, the acquisition of all Entitlements is conditional provided that the Participant performs the function of a member of the Management Board for the entire duration of the Incentive Program A (i.e. from the date of conclusion of the participation agreement by the member of the Management Board until the date of submission of the statement of acceptance, respectively, the offer to subscribe for, respectively, Warrants or the offer to purchase Own Shares in the exercise of the Entitlements, inclusive) ("Loyalty Condition") and the absence of any breach of obligations set out in the Regulations during this period.
12. The Regulations may specify other, technical conditions for the exercise of the Entitlements, such as the Participant's possession of an appropriate securities account.

13. The Performance Condition set for individual financial years of the Incentive Program A is:
 - a) for the Entitlements granted in the first Stage, i.e. for the financial year 2027 – PLN 35,000,000.00 (thirty-five million zlotys);
 - b) for the Entitlements granted in the second Stage, i.e. for the financial years 2027-2028 – PLN 80,000,000.00 (eighty million zlotys);
 - c) for the Entitlements granted in the third Stage, i.e. for the financial years 2027-2029 – PLN 135,000,000.00 (one hundred and thirty-five million zlotys);
14. Individual Conditions, if any, may be determined separately for each Stage. The Individual Conditions at each Stage should be appropriately ambitious and achievable within the current situation of the Company and its capital group at the time of their determination. Individual Conditions should be objectively measurable or quantifiable and appropriately long-term.
15. The Supervisory Board verifies in the form of a resolution the fulfilment of the conditions provided for a given Stage within the deadline provided for in the Regulations (the "Verification Resolution"). If the Performance Condition has not been met in a given Stage and the Participant has not acquired the Entitlements provided for that Stage, but in a further Stage the Performance Condition provided for such further Stage has been met, then in the Verification Resolution adopted for the Stage in which the Performance Condition has been met, the Supervisory Board grants the Participant all Entitlements assigned to the previous unperformed Stage(s), provided that all other conditions provided for in the Regulations for such uncompleted Stage are met.
16. In the event that any of the conditions assigned to a given Stage is not met, the relevant Entitlements expire (in whole or in part) at the moment of adoption of the Verification Resolution stating that the relevant conditions have not been met, and the Participant does not acquire the Entitlements.
17. The Supervisory Board conducts the process of verifying the conditions after the completion of each Stage.
18. The exercise of the Entitlements acquired by the Participant during the Incentive Program A takes place after the completion of the third and final Stage. Upon adoption of the Verification Resolution regarding the third Stage, the Supervisory Board will offer the Participant to exercise all the Entitlements acquired during the Incentive Program A by (at the discretion of the Supervisory Board): (i) offering the Participant to subscribe for an appropriate number of Warrants entitling to subscribe for the same number of Shares as a result of exercising the rights under the Warrants, at an issue price equal to the Exercise Price, or (ii) offering to purchase an appropriate number of Own Shares from the Company, at the Exercise Price for one Own Share.
19. The Regulations may provide that in the case of Participants who are tax residents outside the Republic of Poland, for whom the effects of the Incentive Program A are subject to taxation in the country of their tax residence, the Supervisory Board may unilaterally decide to reduce the number of Entitlements that can be exercised by a given Participant (the "Reduction to Public Law Liabilities"), if the Company or its subsidiary arises or may be obliged to pay taxes, contributions or other similar public law receivables related to the granting of Entitlements, the acquisition of Warrants or Shares

or the acquisition of Own Shares in a country other than the Republic of Poland (the "Foreign Public Law Liabilities"). The scope of the reduction should correspond to the value of the Foreign Public Law Liabilities determined by the Company, so that the excess of the market value of the Shares or Own Shares covered by the reduction over the price of their subscription or purchase covers the amount of these liabilities. This surplus will be used by the Company or its subsidiary only to settle the indicated liabilities. The calculation and settlement of Foreign Public Law Liabilities will be adapted to the individual situation of a given Participant each time.

20. Within the period stipulated in the Regulations, the Company will submit an appropriate offer to the Participant (in accordance with the decision of the Supervisory Board as to the form of exercising the Entitlements), under the following conditions (met jointly):

on the date of submission of the offer, the Participant remains in an employment relationship (understood as a legal relationship between the Company and a member of the Management Board concerning the performance of his/her function in the Management Board, established on the basis of an appointment, employment contract or contract for the provision of services or another agreement of a similar nature) and on that date is not in the notice period or has not resigned from the function of a member of the Management Board;

in the period up to the date of submission of the offer, there was no case of breach of the obligations of a member of the Management Board specified in the Regulations in relation to the Participant;

on the day of submitting the offer, the Participant remains a party to the agreement for participation in the Incentive Program A;

and in the event that any of the above conditions are not met, the right to exercise the Entitlements does not arise and the Company is not obliged to make an offer to the Participant to subscribe for Warrants or an offer to purchase Own Shares.

21. The Participant is entitled to accept, respectively, the offer to take up Warrants or the offer to purchase Own Shares only if, on the date of submission of the statement of acceptance of the offer, the conditions set out in § 1 section 20 of this Resolution are met. In the event that any of the above conditions are not met, the right to subscribe for Warrants or purchase Own Shares does not arise, and any statement of acceptance of offers submitted by the Participant does not have legal effects.

22. Acceptance of the offer to subscribe for Warrants or purchase Own Shares is voluntary. Failure to submit the appropriate form on time results in resignation from taking up all Warrants or acquiring all Own Shares covered by the offer.

23. In the event that the offer made to the Participant includes the subscription of Warrants, the entitled person of the Warrant acquires the right to subscribe for the Shares as part of the exercise of the rights from all Warrants belonging to him, starting from the date of recording the Warrants on the securities account indicated by the Participant, and may exercise the rights under the Warrants once, within 30 (thirty) days from the date of the first recording of the Warrants in the securities account.

24. In the event that the implementation of Incentive Program A requires the preparation of a prospectus, in accordance with the provisions of Regulation (EU) 2017/1129 of the European Parliament and of the Council of 14 June 2017 *on the prospectus to be published in connection with the public offering of securities or their admission to trading*

on a regulated market and repealing Directive 2003/71/EC (Journal of Laws of 2017 No. 168, p. 12, as amended) or the information memorandum referred to in the Act of 29 July 2005 *on Public Offerings, Conditions for the Introduction of Financial Instruments to Organised Trading, and Public Companies*, the Company shall make available the prospectus or information memorandum respectively on the dates and on the terms specified in the relevant provisions of law. In such a case, the Participants are informed about the details of the public offer under which the Incentive Program A will be implemented.

25. Incentive Program A ends automatically upon the expiry of the deadline provided for in the Regulations for the exercise of the Entitlements acquired in Incentive Program A. The General Meeting may decide to terminate the Incentive Program A earlier.

§ 2

The General Meeting of the Company authorizes the Management Board of the Company and the Supervisory Board of the Company (within the competences held by these bodies) to undertake all factual and legal actions necessary to implement this Resolution and to perform all factual and legal activities necessary for the implementation and conduct of the Incentive Program A (including, in particular, the adoption of the Regulations and undertaking all activities described in the Regulations), taking into account the provisions of this Resolution and the applicable provisions of law.

§ 3

In the event of a decision to exercise the Entitlements in the form of submitting an offer to the Participants to purchase Own Shares, the Management Board of the Company will request the General Meeting of the Company to consent to the purchase of own shares pursuant to Article 362 § 1 point 2 or point 8 of the Commercial Companies Code or another relevant provision of law, unless the relevant authorization to buy back own shares remains in force at a given time.

§ 4

This Resolution enters into force upon the adoption by the Company's General Meeting of a resolution *on the issue, for the purpose of implementing the Incentive Program A for the financial years 2027-2029 and the Incentive Program B for the financial years 2027-2029, subscription warrants with the deprivation of the pre-emptive right of the existing shareholders, entitling to subscribe for series J shares and the conditional increase of the share capital by issuing series J shares with the deprivation of the pre-emptive right of the existing shareholders, applying for admission and introduction of new series J shares to trading on the regulated market operated by the Warsaw Stock Exchange and the related amendment to the Company's Articles of Association.*

ON THE INTRODUCTION OF THE INCENTIVE PROGRAM B FOR THE FINANCIAL YEARS 2027-2029

The General Meeting of the Company, acting pursuant to Article 393 item 5 of the Commercial Companies Code of 15 September 2000, resolves as follows:

§ 1.

1. It is resolved that the Company will implement an incentive program for the selected employees and coworkers of the Company and companies from its capital group ("**Incentive Program B**"), who will be designated to participate in Incentive Program B by the Company's Management Board, and will join the Incentive Program B under the terms and conditions specified in the program regulations adopted by the Management Board and approved by the Supervisory Board ("**Participants**"). Participation in the Incentive Program B is voluntary. Incentive Program B does not cover the members of the Company's Management Board or the Supervisory Board.
2. The purpose of the Incentive Program B is to create mechanisms to ensure the stability of the Participants' ties with the Company and companies from its capital group and to motivate them to implement the Company's strategy, to act in the interest of the Company (and its capital group) and its shareholders. The aim of the Incentive Program B is also to improve the international competitiveness of employment conditions in the Company (or its capital group companies, respectively) in relation to entities operating in the gaming industry, which is to translate into facilitating the acquisition of employees.
3. The Incentive Program B consists in granting the Participants, on the basis of a participation agreement concluded in accordance with the Program regulations, a certain number of conditional rights ("**Entitlement**"), which, at the end of the Incentive Program B, and upon fulfilment of certain conditions, will give the Participants the right to: (i) take up shares of the Company ("**Shares**") with the exclusion of the pre-emptive right of the Company's existing shareholders as a result of the exercise of rights arising from dematerialized registered subscription warrants issued for this purpose granted under the Incentive Program A ("**Warranty**"), or (ii) the acquisition of the Company's shares that will be previously acquired by the Company for this purpose as part of the buyback of own shares ("**Own Shares**"), at the exercise price specified in § 1 section 7 of this Resolution (understood as the issue price of the subscription of the Shares or the purchase price of the Own Share). The decision on the form of exercising the Entitlements is made by the Management Board at its sole discretion.
4. Detailed rules and conditions for the implementation of the Incentive Program B not specified in this Resolution, in particular concerning: the organization of the stages of the program, the conditions of participation in the program, the rights and obligations of the Participants, the conditions for the exercise of the Entitlements, the circumstances of the

expiration of the Entitlements, the detailed deadlines for performing certain activities by the bodies of the Company and the Participants, will be specified by the Management Board in the regulations of the Incentive Program B approved by the Supervisory Board ("**Regulations**").

5. Incentive Program B lasts 3 (three) years and covers the financial years 2027 – 2029. Each financial year constitutes a separate stage ("**Stage**"), at the end of which the Participant acquires the number of Entitlements allocated to him in such Stage, after the conditions provided for this Stage have been met. The Entitlements acquired during the entire Incentive Program B are subject to exercise after the completion of the third, last Stage, on time, under the conditions and with the use of the mechanisms specified in the Regulations.
6. Under the Incentive Program B, a maximum of 1,728,270 (one million seven hundred twenty-eight thousand two hundred and seventy) Entitlements may be granted to the Participants, whereby, subject to the provisions of § 1 section 9 of this Resolution, the total number of Entitlements granted to the Participants under a single Stage may not exceed 576,090 (five hundred seventy-six thousand ninety).
7. Each Right entitles to subscribe for 1 (one) Share as a result of the exercise of rights under the Warrant at the issue price corresponding to the Exercise Price (as defined in this paragraph) or to purchase 1 (one) Own Share for the Exercise Price, on the terms and conditions specified in this Resolution and the Regulations. "**Exercise Price**" means the value in PLN corresponding to the Company's share price at the close of the last trading session of the Warsaw Stock Exchange immediately preceding the date of adoption by the Supervisory Board of the resolution on granting the Entitlements under a given Stage, not lower than the nominal value of the Company's shares. The Exercise Price may vary for individual Stages.
8. Inclusion of Participants in the Incentive Program B and granting them Entitlements takes place annually, separately for each Stage, on the basis of a resolution adopted by the Management Board, subject to the provisions of § 1 section 9 below. The Management Board shall specify in the resolution in particular: (i) the employees and co-workers entitled to participate in the Stage, (ii) the maximum number of Entitlements that may be acquired by the Participant under the Stage, (iii) the Exercise Price for the Entitlements granted under the Stage, and (iv) (optionally, at its own discretion) the individual conditions conditioning the acquisition of the Entitlements granted under the Stage by the Participant.
9. The Management Board may supplement the list of Participants during the Stage, provided that it has unallocated Entitlements in the pool provided for a given Stage. In addition, in cases that will be specified in the Regulations, the Entitlements that expire in relation to a given Participant return to the pool of Entitlements available in the Incentive Program B and may be granted by the Management Board to other Participants or new Participants during the current Stage or in the next Stage. In such a case, the limit of Allowances available under a single Stage referred to in § 1 section 6 of this Resolution shall not apply.
10. The Regulations may specify cases of expiration of Entitlements. In particular, these may include the following cases: exercise of the Entitlements, expiration or termination of the Incentive Program B, death of the Participant, termination of the employment relationship existing between the Participant and the Company (or a company from its capital group) in the circumstances specified in the Terms and Conditions, improper performance of

duties, taking actions detrimental to the interests of the Company or companies from its capital group, violation of the principles of fair competition and expiry of the deadline for accepting the offer to take up Warrants or purchase Own Shares as part of the exercise of the Entitlements.

11. The Participant acquires the Entitlements granted to him or her as part of the given Stage after meeting the following conditions at the end of that Stage:

- a) the acquisition of 25% (twenty five percent) of the Entitlements is subject to the fulfilment of the result condition, understood as the achievement in the relevant Stage of the financial result attributed to it, which is the sum of the consolidated net results from the continuing operations of the Company's capital group increased by the costs of valuation of the Entitlements granted under the Incentive Program B and the Incentive Program A (i.e. Incentive Program A for the financial years 2027–2029 introduced by a resolution of this General Meeting for members of the Company's Management Board) ("**Performance Condition**");
- b) the acquisition of a part or all of the Entitlements may be subject to the fulfilment of individual conditions set at its sole discretion by the Management Board ("**Individual Conditions**");
- c) regardless of the fulfilment of the conditions set out in points a) – b) above, the acquisition of all Entitlements is conditional provided that the Participant's employment relationship (understood as a legal relationship established between the Participant and the Company or a company from its capital group on the basis of an employment contract or a contract for the provision of services or another agreement of a similar nature) is in place during the entire period of the Incentive Program B, (i.e. from the date of conclusion of the participation agreement by the Participant until the date of submission of the statement of acceptance, respectively, the offer to subscribe for, respectively, Warrants or the offer to purchase Own Shares in the exercise of the Entitlements, inclusive) ("**Loyalty Condition**") and the absence of any breach of obligations set out in the Regulations during this period.

12. The Regulations may specify other, technical conditions for the exercise of the Entitlements, such as the Participant's possession of an appropriate securities account.

13. The Performance Condition set for individual financial years of the Incentive Program A is:

- a) for the Entitlements granted in the first Stage, i.e. for the financial year 2027 – PLN 35,000,000.00 (thirty-five million zlotys);
- b) for the Entitlements granted in the second Stage, i.e. for the financial years 2027-2028 – PLN 80,000,000.00 (eighty million zlotys);
- c) for the Entitlements granted in the third Stage, i.e. for the financial years 2027-2029 – PLN 135,000,000.00 (one hundred and thirty-five million zlotys);

14. Individual Conditions, if any, may be determined separately for each Stage. The Individual Conditions at each Stage should be appropriately ambitious and achievable within the current situation of the Company and its capital group at the time of their determination. Individual Conditions should be objectively measurable or quantifiable and appropriately long-term.

15. The Management Board verifies in the form of a resolution the fulfilment of the conditions provided for a given Stage within the deadline provided for in the Regulations (the "**Verification Resolution**"). If the Performance Condition has not been met in a given Stage and the Participant has not acquired the Entitlements provided for that Stage, but in a further Stage the Performance Condition provided for such further Stage has been met, then in the Verification Resolution adopted for the Stage in which the Performance Condition has been met, the Management Board grants the Participant all Entitlements assigned to the previous unperformed Stage(s), provided that all other conditions provided for in the Regulations for such uncompleted Stage are met.
16. In the event that any of the conditions assigned to a given Stage is not met, the relevant Entitlements expire (in whole or in part) at the moment of adoption of the Verification Resolution stating that the relevant conditions have not been met, and the Participant does not acquire the Entitlements.
17. The Management Board conducts the process of verifying the conditions after the completion of each Stage.
18. The exercise of the Entitlements acquired by the Participant during the Incentive Program B takes place after the completion of the third and final Stage. Upon adoption of the Verification Resolution regarding the third Stage, the Management Board will offer the Participant to exercise all the Entitlements acquired during the Incentive Program B by (at the discretion of the Management Board): (i) offering the Participant to subscribe for an appropriate number of Warrants entitling to subscribe for the same number of Shares as a result of exercising the rights under the Warrants, at an issue price equal to the Exercise Price, or (ii) offering to purchase an appropriate number of Own Shares from the Company, at the Exercise Price for one Own Share.
19. The Regulations may provide that in the case of Participants who are tax residents outside the Republic of Poland, for whom the effects of the Incentive Program B are subject to taxation in the country of their tax residence, the Management Board may unilaterally decide to reduce the number of Entitlements that can be exercised by a given Participant (the "**Reduction to Public Law Liabilities**"), if the Company or its subsidiary arises or may be obliged to pay taxes, contributions or other similar public law receivables related to the granting of Entitlements, the acquisition of Warrants or Shares or the acquisition of Own Shares in a country other than the Republic of Poland (the "**Foreign Public Law Liabilities**"). The scope of the reduction should correspond to the value of the Foreign Public Law Liabilities determined by the Company, so that the excess of the market value of the Shares or Own Shares covered by the reduction over the price of their subscription or purchase covers the amount of these liabilities. This surplus will be used by the Company or its subsidiary only to settle the indicated liabilities. The calculation and settlement of Foreign Public Law Liabilities will be adapted to the individual situation of a given Participant each time.
20. Within the period stipulated in the Regulations, the Company will submit an appropriate offer to the Participant (in accordance with the decision of the Management Board as to the form of exercising the Entitlements), under the following conditions (met jointly):

on the date of submission of the offer, the Participant remains in an employment relationship (understood as a legal relationship between the Participant and the Company or a company from its capital group, established on the basis of an employment contract or contract for the provision of services or another agreement of a similar nature) and on that date is not in the notice period;

in the period up to the date of submission of the offer, there was no case of breach of the obligations specified in the Regulations in relation to the Participant;

on the day of submitting the offer, the Participant remains a party to the agreement for participation in the Incentive Program B;

and in the event that any of the above conditions are not met, the right to exercise the Entitlements does not arise and the Company is not obliged to make an offer to the Participant to subscribe for Warrants or an offer to purchase Own Shares.

21. The Participant is entitled to accept, respectively, the offer to take up Warrants or the offer to purchase Own Shares only if, on the date of submission of the statement of acceptance of the offer, the conditions set out in § 1 section 20 of this Resolution are met. In the event that any of the above conditions are not met, the right to subscribe for Warrants or purchase Own Shares does not arise, and any statement of acceptance of offers submitted by the Participant does not have legal effects.
22. Acceptance of the offer to subscribe for Warrants or purchase Own Shares is voluntary. Failure to submit the appropriate form on time results in resignation from taking up all Warrants or acquiring all Own Shares covered by the offer.
23. In the event that the offer made to the Participant includes the subscription of Warrants, the entitled person of the Warrant acquires the right to subscribe for the Shares as part of the exercise of the rights from all Warrants belonging to him, starting from the date of recording the Warrants on the securities account indicated by the Participant, and may exercise the rights under the Warrants once, within 30 (thirty) days from the date of the first recording of the Warrants in the securities account.
24. In the event that the implementation of Incentive Program B requires the preparation of a prospectus, in accordance with the provisions of Regulation (EU) 2017/1129 of the European Parliament and of the Council of 14 June 2017 *on the prospectus to be published in connection with the public offering of securities or their admission to trading on a regulated market and repealing Directive 2003/71/EC* (Journal of Laws of 2017 No. 168, p. 12, as amended) or the information memorandum referred to in the Act of 29 July 2005 *on Public Offerings, Conditions for the Introduction of Financial Instruments to Organised Trading, and Public Companies*, the Company shall make available the prospectus or information memorandum respectively on the dates and on the terms specified in the relevant provisions of law. In such a case, the Participants are informed about the details of the public offer under which the Incentive Program B will be implemented.
25. Incentive Program B ends automatically upon the expiry of the deadline provided for in the Regulations for the exercise of the Entitlements acquired in Incentive Program B. The General Meeting may decide to terminate the Incentive Program B earlier.

§ 2

The General Meeting of the Company authorizes the Management Board of the Company and the Supervisory Board of the Company (within the competences held by these bodies) to undertake all factual and legal actions necessary to implement this Resolution and to perform all factual and legal activities necessary for the implementation and conduct of the Incentive Program B (including, in particular, the adoption of the Regulations and undertaking all

activities described in the Regulations), taking into account the provisions of this Resolution and the applicable provisions of law.

§ 3

In the event of a decision to exercise the Entitlements in the form of submitting an offer to the Participants to purchase Own Shares, the Management Board of the Company will request the General Meeting of the Company to consent to the purchase of own shares pursuant to Article 362 § 1 point 2 or point 8 of the Commercial Companies Code or another relevant provision of law, unless the relevant authorization to buy back own shares remains in force at a given time.

§ 4

This Resolution enters into force upon the adoption by the Company's General Meeting of a resolution *on the issue, for the purpose of implementing the Incentive Program A for the financial years 2027-2029 and the Incentive Program B for the financial years 2027-2029, subscription warrants with the deprivation of the pre-emptive right of the existing shareholders, entitling them to subscribe for series J shares and the conditional increase of the share capital by issuing series J shares with the deprivation of the pre-emptive right of the existing shareholders, applying for admission and introduction of new series J shares to trading on the regulated market operated by the Warsaw Stock Exchange and the related amendment to the Company's Articles of Association.*

 - a. registered subscription warrants of series C in the number of not more than 1,728,270 (one million seven hundred twenty-eight thousand two hundred and seventy), entitling to subscribe for Series J Shares with the exclusion of the pre-emptive rights of the Company's existing shareholders ("**Series C Warrants**");
 - b. registered subscription warrants of series D in the number of not more than 1,728,270 (one million seven hundred twenty-eight thousand two hundred and seventy), entitling to subscribe for Series J Shares with the exclusion of the pre-emptive rights of the Company's existing shareholders ("**Series D Warrants**");

(Series C Warrants and Series D Warrants are jointly referred to as "**Warrants**").
2. The purpose of the issue specified in § 2 section 1 above is the justification of the resolution, required by the provisions of Article 449 in conjunction with Article 445 § 1 of the CCC.
3. Series C Warrants will be issued in order to exercise the rights granted in the subsequent stages of the Incentive Program A, in the manner and on the terms specified in detail in the program regulations adopted by the Company's Management Board and approved by the Company's Supervisory Board pursuant to Resolution No. [●] ("**Program A Regulations**").

8. Warrants are non-transferable. Warrants are subject to inheritance.
9. The following persons have the right to take up Warrants:

2. In the opinion of the shareholders, the exclusion of the shareholders' pre-emptive right in relation to the Warrants and Series J Shares is economically justified and is in the interest of both the Company and its shareholders. The written opinion of the Management Board justifying the reasons for excluding the shareholders' pre-emptive

rights to the Warrants and Series J Shares in their entirety, as well as indicating the method of determining the issue price of the Series J Shares and the free offering of Warrants to the Participants, constitutes Appendix No. 1 to this resolution.

§ 4.

1. The right to subscribe for Series J Shares is granted to the holders of Warrants provided that the relevant conditions are met and only within the appropriate period resulting from the documentation of the Incentive Program A and the Incentive Program B, respectively.

§ 6.

1. It is decided to apply for admission and introduction of Series J Shares to trading on the regulated market operated by the Warsaw Stock Exchange, on which the Company's shares are listed, provided that the criteria and conditions resulting from the relevant provisions of law and regulations of the Warsaw Stock Exchange are met.
2. The admission and introduction to trading on the regulated market of the Warsaw Stock Exchange should, as a rule, take place without the preparation and publication of a prospectus, in accordance with the exceptions to the obligation to draw up such a prospectus specified in Regulation (EU) 2017/1129 of the European Parliament and of the Council of 14 June 2017 on the prospectus to be published in connection with an offer to the public of securities or their admission to trading on a regulated market, and

5. The Management Board of the Company is hereby authorized to determine, with the consent of the Supervisory Board of the Company (which may take place within the framework of Program A Regulations and Program B Regulations), the detailed terms and conditions of the issue of Series J Shares, which should include at least the content of the statement on the subscription of Series J Shares, and to undertake all other factual and legal actions necessary for the implementation of this Resolution, as well as all factual and legal actions necessary or indicated for the implementation of the Program A Regulations and Program B Regulations.

§ 7.

1. The Company's Articles of Association shall be amended in such a way that in § 5 after section 1², sections 1³ – 1⁴ shall be added as follows:

„1³. Pursuant to "Resolution No. [●] of the General Meeting of the Company dated June 30th, 2026 on the issue, for the purpose of implementing the Incentive Program A for the financial years 2027-2029 and the Incentive Program B for the financial years 2027-2029, subscription warrants with the exclusion of the pre-emptive right of the existing shareholders, entitling to subscribe for series J shares and the conditional increase of the share capital by issuing series J shares with the exclusion of the pre-emptive right of the existing shareholders, applying for admission and introduction of new series J shares to trading on the regulated market operated by the Warsaw Stock Exchange and the related amendment to the Company's Articles of Association, the Company's share capital has been conditionally increased by an amount not exceeding PLN 69,130.80 (sixty-nine thousand one hundred and thirty zlotys 80/100), by way of issue of not more than PLN 3,456,540 (three million four hundred fifty-six thousand five hundred and forty) ordinary bearer shares of series J with a nominal value of PLN 0.02 (two grosze) each. The purpose of the conditional increase in the Company's share capital is to grant the rights to subscribe for series J shares to the holders of subscription warrants referred to in section 1⁴ below.

1⁴. The persons entitled to subscribe for series J shares are holders of series C and D subscription warrants issued by the Company on the basis of the resolution referred to in

section 1³ above. 2. The Supervisory Board of the Company is hereby authorized to prepare a consolidated text of the Company's Articles of Association, taking into account the changes introduced in § 7 of this resolution.

§ 8.

This resolution enters into force upon its adoption, subject to the amendment to the Company's Articles of Association regarding the conditional increase of the Company's share capital, referred to in § 7 of this Resolution, that shall enter into force at the moment of its entry into the register of entrepreneurs of the National Court Register.

Appendix No. 1 to Resolution No. [●] of the General Meeting of PCF Group S.A. with its registered office in Warsaw dated June 30th, 2026 on the issue, for the purpose of implementing the Incentive Program A for the financial years 2027-2029 and the Incentive Program B for the financial years 2027-2029, subscription warrants with the exclusion of the pre-emptive right of the existing shareholders, entitling to subscribe for series J shares and the conditional increase of the share capital by issuing series J shares with the exclusion of the pre-emptive right of the existing shareholders, applying for admission and introduction of new series J shares to trading on the regulated market operated by the Warsaw Stock Exchange and the related amendment to the Company's Articles of Association

Opinion of the Management Board of PCF Group S.A. with its registered office in Warsaw

dated [●]

on the justification: (i) depriving all shareholders of the pre-emptive right of not more than 3,456,540 registered subscription warrants of series C and series D issued by the Company (i.e. not more than 1,728,270 subscription warrants of series C, and not more than 1,728,270 subscription warrants of series D) convertible into series J shares, and depriving all shareholders of the pre-emptive right in their entirety of not more than 3,456,540 series J shares, (ii) the proposed issue price of not more than 3,456,540 series C and series D subscription warrants, and (iii) the method of determining the issue price of not more than 3,456,540 series J shares (covered by exercise of series C and D subscription warrants)

Pursuant to Article 433 § 2 and § 6 of the Act of 15 September 2000 – the Commercial Companies Code, the Management Board of PCF Group S.A. has prepared this opinion in connection with the planned adoption by the General Meeting of the Company of a resolution *on the issue, for the purpose of implementing the Incentive Program A for the financial years*

2027-2029 and the Incentive Program B for the financial years 2027-2029, subscription warrants with the exclusion of the pre-emptive right of the existing shareholders, entitling to subscribe for series J shares and the conditional increase of the share capital by issuing series J shares with the exclusion of the pre-emptive right of the existing shareholders, applying for admission and introduction of new series J shares to trading on the regulated market operated by the Warsaw Stock Exchange and the related amendment to the Company's Articles of Association ("Resolution").

Exclusion of the pre-emptive right in its entirety of no more than 3,456,540 registered subscription warrants of series C and series D and not more than 3,456,540 series J shares

The planned conditional increase of the Company's share capital by issuing no more than 3,456,540 series J shares with a nominal value of PLN 0.02 (two grosze) each ("**Series J Shares**"), excluding in full the pre-emptive rights of all existing shareholders of the Company, is related to the Company's intention to launch two incentive programs (for the financial years 2027-2029) and to grant, under these programs, selected employees and associates of key importance to the Company, as well as members of the Management Board of the Company ("**Entitled Persons**") rights to acquire no more than a total of 3,456,540 registered subscription warrants of series C and series D ("**Warrants**") entitling to acquire one Series J Shares each.

The granting of the above-mentioned rights to the Entitled Persons is aimed at creating mechanisms ensuring the stability of the Management Board and the Company's managerial staff, ensuring additional motivation of the Entitled Persons to implement the Company's strategy, acting in the interest of the Company (and its capital group and its shareholders), closer linking of the interests of the Entitled Persons with the interest of the Company, as well as appreciating the contribution of the Entitled Persons to the current development of the Company.

The exclusion of the pre-emptive right of the existing shareholders in relation to all Warrants issued under the Resolution and all Series J Shares results from the nature of the issue carried out under incentive programs. The implementation of incentive programs is in the interest of the Company and does not violate the rights of the Company's existing shareholders.

In the opinion of the Management Board, due to the reasons indicated above, the exclusion of the pre-emptive right of all existing shareholders of the Company in relation to all Warrants and Series J Shares in its entirety is in the interest of the Company and serves to achieve the Company's strategic objectives. The Management Board gives a positive opinion on the issue of Warrants and Series J Shares, excluding in full the pre-emptive right of all existing shareholders of the Company.

Proposed issue price of Warrants and method of determining the issue price of Series J Shares

Warrants will be issued free of charge. The free issuance of subscription warrants used to implement incentive programs is a standard solution commonly used on the market.

In turn, the issue price of Series J Shares will be determined at the PLN price corresponding to the Company's share price at the close of the last trading session of the Warsaw Stock Exchange immediately preceding the date of adoption by the Company's authorized bodies of the resolution on the inclusion of the Entitled Person in a given stage of the incentive

program, provided that in each case it may not be lower than the nominal value of the Company's shares. The issue price of Series J Shares may vary for individual stages of the incentive program.

Due to the premises indicated above, the Management Board recommends to the General Meeting to adopt the Resolution.
